OBJECTIVE

Frontend Developer with a strong foundation in React.js, JavaScript, and Data Structures & Algorithms. Skilled in building responsive and user-friendly web applications, seeking an internship or entry-level opportunity to contribute and grow.

TECHNICAL SKILLS

Frontend: React.js, HTML5, CSS3, Tailwind CSS, JavaScript (ES6+)

Backend: Node.js (Basic), Express.js (Basic), REST APIs

Programming: C, C++, JavaScript

Tools: Git, GitHub, Vercel

PROJECTS

ForgeFlow – AI LinkedIn Content Automation Platform

[Live Demo](#)

Tech Stack: React.js, Tailwind CSS, Node.js, Express.js, MongoDB, BullMQ, Redis, LinkedIn API

- Built a **full-stack LinkedIn content automation platform** for creating, managing, scheduling, and publishing posts from a centralized workspace.
- Integrated **AI-powered content generation** with customizable audience, tone, creativity, length, and hashtag preferences.
- Implemented **JWT authentication and LinkedIn OAuth 2.0** with protected routes, access token management, and secure user authorization.
- Developed a **BullMQ + Redis background job system** for scheduled and asynchronous LinkedIn publishing, with **MongoDB** for post and account management.

QuickBite – Food Ordering Web App

[Live Demo](#)

Tech Stack: React.js, JavaScript, CSS

- Built a **scalable food ordering application** using **React** with a modular, component-based architecture.
- Implemented **dynamic product listings** and **cart functionality** using React hooks for efficient state management.
- Optimized React component rendering using hooks to improve application performance.
- Developed a **fully responsive UI** for seamless experience across mobile, tablet, and desktop.

Convox – Real-Time Chat Platform

[Live Demo](#)

Tech Stack: React.js, Socket.IO, Node.js, Express.js

- Developed a **real-time chat application** using **Socket.IO** enabling instant bidirectional communication.
- Implemented **live messaging, typing indicators, and user presence** using WebSockets.
- Designed a **responsive chat interface** with smooth UI interactions and state management using React hooks.
- Deployed the frontend on Vercel and backend on a cloud platform while configuring CORS for secure client-server communication.

EDUCATION

B.Tech in Computer Science & Engineering

2023 – Present

IMS Engineering College, Ghaziabad

CERTIFICATIONS

- **Namaste React Certification** – Comprehensive training in React.js, including hooks, component architecture, and performance optimization. [View Certificate](#)
- **AI-ML Virtual Internship Certification (Google & AICTE)** and **IBM AI Certification** – Covered foundational concepts in artificial intelligence and machine learning with practical applications. [View Certificate](#)
